

INTERNATIONAL RAW MATERIALS LTD

**Safety Specialist
Portland, OR**

International Raw Materials LTD (IRM) markets and distributes crop nutrients and industrial commodities through our extensive distribution system. We are committed to connecting agricultural and industrial customers to critical inputs through innovative, safe, and sustainable logistics solutions. IRM is dedicated to maintaining a safe and healthy work environment for all employees. We are seeking a highly skilled and experienced Safety Professional to join our team and lead our safety initiatives and promote a culture of safety.

Duties and Responsibilities:

- Collaborates with management to develop, prepare, and implement safety and security policies and procedures with an eye towards continuous improvement
- Prepares and submits all safety-related reports, such as OSHA, ILTA, Protect and Sustain
- Ensures monthly safety meetings are held and documented at all terminals
- Facilitates and documents regular safety meetings at the senior leadership level
- Monitors Safe Behavior Observations (SBO) at various terminals to ensure quarterly minimums are met
- Reviews and maintains all site SOPs to ensure they accurately reflect the current processes at each site
- Ensures that Terminals conform with the current standards (ACD-Alliance for Chemical Distribution and Responsible Ag, etc.) we maintain certification
- Coordinates action on checklists, inspections, and safety observations for each terminal in Check Proof and coordinates with local operators to address deviations
- Coordinates safety and security programs to promote and ensure a safe working environment
- Reviews current safety training programs and recommends revisions, improvements, and updates
- Submits recommendations to enhance the safety management program, including emergency preparedness, accident prevention, general safety, and risk management
- Conduct emergency drills at terminals to ensure incident preparedness
- Stops operations and activities that could harm staff or equipment
- Identifies opportunities to minimize workplace injuries, accidents, and health risks
- Shares environmental safety information with relevant levels within the organization
- Ensures compliance with federal, states, and local safety laws, regulations, codes, and rules
- Performs other related duties as assigned

Candidate Profile:

- Bachelors degree in Business Administration, Health and Safety Management, or a related field
- 7-10 years of directly related experience; strong environmental background preferred
- BCSP Certified Safety Professional or equivalent certification
- Certification as ASQ Quality Auditor is a plus
- In-depth knowledge of federal and state regulations affecting terminal and HAZMAT operations
- Ability to regularly travel between various terminal sites
- Excellent written, verbal, and interpersonal communication skills
- Proficient in Microsoft Office applications (Outlook, Word, Excel, PowerPoint, SharePoint)
